

AREIA INTERIOR DESIGN

AREIA INTERIOR DESIGN

PRESENTATION

There is a natural link between real estate, decoration, design and art. Whether you are buying a new or an old residence, we accompany you by overseeing your interior design project. Through a unique access to a local network of professionals whose common denominator is a pronounced taste for the art of living, architecture and decoration, at Areia Interior Design, we create a home fitted to your lifestyle and personality. We curate the best furniture for your house and collaborate with some of the best local artisans in Portugal to design high-end custom-made furnitures matching the art of traditional portuguese craftsmanship with contemporary design.
